

Sugar Creek Watershed Diagnostic Study

Public Comment Solicitation Meeting

January 26th, 2012

7:00 PM

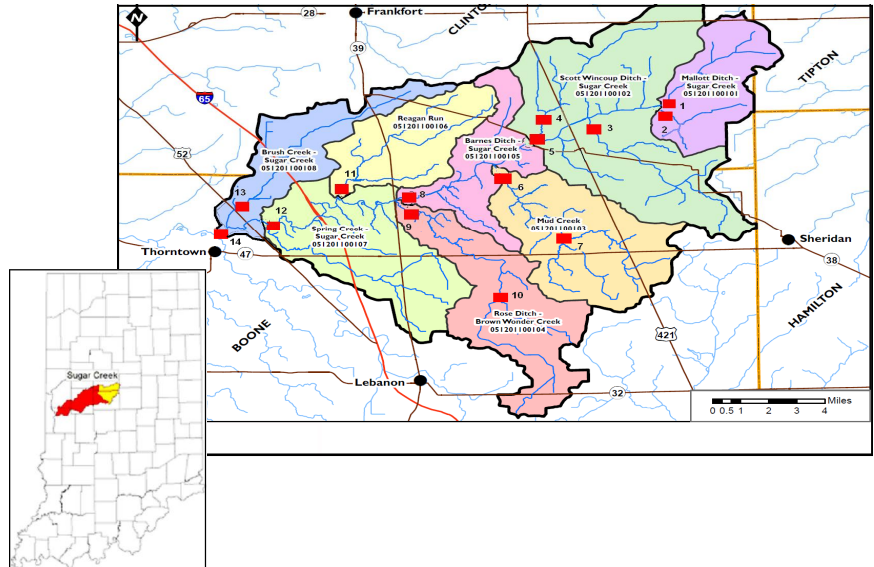

Dull's Christmas Tree Farm at the Stone Cabin Inn
1765 W. Blubaugh Ave., Thorntown, IN

- Boone & Clinton Soil & Water Conservation Districts received a grant to conduct a Diagnostic Study of water quality in the Sugar Creek-Brown's Wonder Creek watersheds.

- Funded by the Indiana Department of Natural Resources, Lake and River Enhancement Program.

- Goals are to reduce sediment and nutrient pollution of surface waters, improve aquatic habitat for fish and wildlife and to insure the continued viability of Indiana's publicly accessible lakes and streams for multiple uses.

- Collect water quality data and to develop long term guidance to restore and protect area streams in the Sugar Creek-Brown's Wonder Creek Watershed.
- Once complete the project area will meet eligibility requirements for implementation of Best Management Practices through IDNR-LARE program.
